Lenten resources from Jerusalem

St. George's College in Jerusalem has created a [video for Lent](#) exploring the theme of spiritual wilderness and how the desert features in the Christian monastic tradition.

The Most Rev. Hosam Naoum, the Bishop of Jerusalem, is commending the course [Roads of Hurt and Hope](#). The Rev. Canon Dr. Andrew Mayes leads participants along five biblical roads, then and now. This course is suitable for individuals and for groups, in Lent or anytime. Proceeds go to the Diocese of Jerusalem for its reconstruction work in Gaza.

"This course connects us powerfully, not only to biblical stories, but also to voices of those who live on these dangerous but faith-filled roads today. It beckons us to new solidarity with people in this Land of the Holy One facing trials with courage and trust. I commend it to you!"
